PROFESSIONAL SUMMARY

Computer Science undergraduate (CGPA 8.8, Dean's Honour List) skilled in full-stack development, Python, and AI/ML. Built real-world projects including an AI-powered freelancer platform and actively participated in 10+ hackathons.

TECHNICAL SKILLS

Languages: Python, Java, C/C++, JavaScript (ES6+)

Web Technologies: HTML5, CSS3, React.js, Node.js, Express.js, REST APIs, Responsive Design

AI / ML: Scikit-learn, NLP basics, Pandas, NumPy

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Vercel, Render

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS

Soft Skills: Team collaboration, debugging

PROJECTS

TownTask — AI-Powered Freelancer Platform | React.js · Node.js · Express · MongoDB · Python | 2025 – Present

Live: <https://towntask-project.com/>

- ▮ Built a full-stack freelancer marketplace where clients post tasks and freelancers apply for jobs.
- ▮ Integrated an AI-based job recommendation system that matches freelancers to relevant tasks using skill-based analysis.
- ▮ Implemented secure user authentication with JWT, role-based access control, and protected API routes.
- ▮ Optimized backend performance with MongoDB indexing and pagination, supporting 1,000+ task listings.

Full-Stack Travel Guide Web App | HTML5 · CSS3 · JavaScript · Node.js · Express · MongoDB | 2024

- ▮ Developed a responsive multi-page travel website with destination cards, image galleries, and search and filtering functionality.
- ▮ Implemented smooth UI animations and a sticky navbar for an improved, mobile-friendly user experience.
- ▮ Built with modular JavaScript components and semantic HTML5; version-controlled with clean Git commits.

EXPERIENCE

Competitive Hackathon Participant | 10+ University & Online Hackathons

2024 – Present

India (Remote & In-Person)

- ▮ Delivered working full-stack prototypes in 24–48 hours during hackathons
- ▮ Collaborated in teams of 3–4 using Git for version control.
- ▮ Built full-stack web applications using Python, JavaScript, and MongoDB.

EDUCATION

B.Tech – Computer Science Engineering

CGPA: 8.8 / 10 | Dean's Honour List

KR Mangalam University, Gurugram | 2024 – 2028

CERTIFICATIONS & ACHIEVEMENTS

- ▮ Wadhvani Entrepreneurship Certificate — focused on product thinking and lean startup methodology..

- ▶ Dean's Honour List — KR Mangalam University (8.8 CGPA, latest semester).
- ▶ JEE Main 2024 — 83rd percentile, demonstrating strong quantitative and analytical aptitude.
- ▶ 250+ DSA problems solved across coding platforms.
